**Jr. Ohio Model United Nations**

Resolution #

---

Nation: Uruguay  
School: Perkins Middle School

---

**SUBJECT: POLLUTED WATER**

**WHEREAS**, Uruguay is a developing Country with little money and not much access to medical help, and

**WHEREAS**, Uruguay has a law prohibiting the dumping of waste in the bodies of water, people continue to pollute, and

**WHEREAS**, when Uruguay gets rain, it floods the contaminated rivers, lakes and streams, causing the contaminated water to spread over the land, poisoning the crops which are a very low resource, and

**WHEREAS**, it also poisons the animals which produce some of the major exports, and

**WHEREAS**, it causes neighboring nations such as Brazil and Argentina to suffer as well, and

**WHEREAS**, it also causes people to get sick and die, making their death rate is one of the highest in the area, and

**WHEREAS**, the polluted water is causing an increase in the death rate for children, causing the population to decline.

**THEREFORE BE IT RESOLVED**, that the United Nations should assist Uruguay in buying and installing water filters and flood walls so, Uruguay and its neighboring countries can improve their populations, and the economy will benefit for the best. The drinking water will be safer for its citizens and animals to drink, improving the health of the Uruguayan population.
